

BEWL WATER FISHERY WEEKLY REPORT week ending:

3rd May 2018

Fishing has been challenging for much of the week but the fish are starting to spread out across the water . The depth of the fish has varied and anglers have been catching in the deeper water as well as in the margins. Catch average for the week, based on returns, is a reasonable 3.71 fish per rod.

A further 1500 trout were stocked this week.

Best areas for boats have been Rosemary Lane, Chingley and Seven Pound Creek.

Best areas for bank fishing have been between Dunsters and Overy's, Seven Pound Creek and the front of the playground.

Successful flies have been Boobies, Buzzers and Cormorants.

Winner of the prize 'Returns' draw for April is Clive Jones, who has been notified by email and wins a free double boat. All returns submitted by anglers are entered into this free prize draw.

Please may we again remind all anglers including season ticket holders to submit their fishing returns. The information you give us is one of our best tools for managing the fishery and the more information you give us, the more accurate the report is.

Water temperature 11degC. Water level 100%
