

BEWL WATER FISHERY WEEKLY REPORT week ending:

10-May-18

The fishing has again been challenging. Very hot, bright weather and changing wind directions have contributed to this. The water temperature has also risen by 5 degrees very quickly. The fish are not very deep and have been spotted in the open water away from the margins. Rod average based on returns is 4.71.

Best areas for boats have been the Main Bowl, Rosemary Lane, Hatherells and Chingley. Bank fishing has not been easy, but best areas to try have been Chingley and the front of the playground.

Successful flies have been Cormorants, Boobies, Minkies and Buzzers.

Weekends are now very busy, so we strongly advise that boats are booked in advance to avoid disappointment and a wasted journey.

Water temperature 16degC Water level 100%
