

**BEWL WATER FISHERY WEEKLY REPORT week ending:**

**24-May-18**

The last week has seen a great improvement in the fishing at Bewl Water as water quality continued to improve and insect life increased . Most anglers have been catching well, including those fishing from the bank. Rod average for the week, based on returns is an excellent 5.06.

The fish seem to be at two different depths. Some are about 20 feet down and others closer to the surface. A further 1500 rainbows were stocked across the water this week and fish average size is 2lbs 8ozs. The best rainbow of the week takwn by Mr Aidas weighed in at 6lbs 4ozs.

Best areas for boat fishing have been The Main Bowl, Hook Straight including Seven Pound Creek , Chingley and Rosemary Lane.

Bank anglers have had most success on the North shore. Mainly in front of the playground and near the old fishing Lodge. Rosemary Lane is also worth trying.

Successful flies have been Buzzers, Cormorants , green Damsels and minkies.

WEEKENDS ARE VERY BUSY FOR FISHING. IF YOU WANT A BOAT PLEASE CHECK AVAILABILITY AND BOOK IN ADVANCE.

Water temperature 16degC - Water level 99%
