

BEWL WATER FISHERY WEEKLY REPORT week ending:

07-Jun-18

Fishing became rather more challenging at the weekend mainly due to the continuing bright, hot, humid weather. Rod average based on returns, is 2.94.

The fish can be seen just below the surface but are feeding on pin fry which also makes them difficult to catch when there is plenty of natural food. It's not easy to mimic pin fry with artificial flies. Diawl Bachs and Silver Invictas are suggested. Best areas for boats have been The Cages area, the Main Bowl and Seven Pound Creek. Best areas to try for bank fishing are the front of the playground and Canoe Club Corner.

A further 1500 rainbows were stocked across the reservoir this week.

Based on information received, successful flies have been Muddled Daddies and Blobs.

The BBFC boat competition took place on Sunday 3 September. 23 anglers caught 40 fish giving a rod average of 1.73. Winners were Ian Watts and Roger Flegg with 8 trout weighing 17lb 3.5oz.

Water temperature 18degC Water level 98%
