

**BEWL WATER FISHERY WEEKLY REPORT week ending:**

**28-Jun-18**

The fishing at Bewl has been excellent this week. Many anglers have caught their 8 fish limits and fly anglers have reported catching and releasing over 20. Rod average for the week, based on returns, is an outstanding 7.92 - one of the highest averages recorded at Bewl.

The fish, which are still high in the water, have spread out across the reservoir and are no longer just in the Main Bowl. The water is starting to show signs of colouring over in places.

Best areas for boat fishing have been the Main Bowl, including but not exclusively the Bubble, Rosemary Lane and Hook Straight.

Bank fishing has been better this week. Anglers have been catching at Bramble Point and the front of the playground.

Successful flies have been Damsels, Boobies, Cormorants and Black Buzzers.

Winner of the prize draw for June is Mick Crouch who wins a free boat for the day.

Water temperature 19degC - Water level 94%
