Opening day at Bewl is always a special occasion, and 2019 will be remembered as one of the best, certainly in recent years, as 50 boats and a multitude of bank anglers enjoyed a rewarding session under near perfect conditions.

Early-bird bank rods had relatively easy action with one fortuitous angler reaching his bag limit just after 7am! As the day progressed, the fish moved away from the bank, especially alongside the lodge through to canoe club corner.

It appears that most flies were successful, and given a water temperature of 8c and an ambient air temperature of 11-12c with little or no wind, it was not surprising to learn of many other early bag limits. Everything from buzzers to damselfly were attracting fish with the majority taken from the top few feet of water on floating lines

Best (weighed) fish was 4lbs 5oz caught by Tim Holland who also had the best 8 bag weighing in a hefty 29lbs! There were several other 4lb plus fish along with numerous 3's.
